

## FOR IMMEDIATE RELEASE

### **b Restaurants celebrate ten years with a good old fashioned – burger eating, beer smashing, bourbon drinking shindig on Wednesday, July 13.**

West Hartford, CT – July 6, 2016 – To celebrate ten killer years **b Restaurants**, the restaurant formerly known as Plan B Burger Bar, is throwing a thank you party for the whole community. The 138 Park Road location will be offering FREE mini burgers from 1-8, as well as guest appearances from the original team. Both founders, Al Gamble and Shawn Skehan, will be leading a celebratory bourbon toast for all.

All CT and MA locations will be showcasing a retro menu, retro pricing, cake and a bourbon toast, bringing back some of the original menu items, such as Apple Pie Pizza, Wellington Bites, and the Ultimate Cheeseburger. The chefs will be spending days leading up to the event preparing mini b cups as a celebratory birthday cake for all guests. Retro pricing with cocktails and beer at \$3 and \$2 and a bourbon toast for all.

“We have the best customers in the world, besides being incredibly loyal and supportive they are so much fun to hang out with, we are looking forward to getting to spend the day celebrating with such great people.” says co-founder Shawn Skehan,

The doors first opened at 138 Park Road in West Hartford, CT on July 13, 2006, to an excited and supportive neighborhood. **b Restaurants** continued commitment to burgers, beer, bourbon and the community has allowed the group to grow to ten locations across five states. The group is known for combining quality products with a relaxed and engaging atmosphere. The burgers are ground fresh on site by an in-house butcher twice daily and hand formed and cooked to order. Pair that with an American craft beer and a bourbon and you’ve got yourself a party.

“I can't say whether we're most proud that we've been able to maintain the original quality and vibe or that we've been able to create jobs for over 600 people, I'm just so grateful that we've had the opportunity,” says CEO and Founder Al Gamble.

Founded in 2006, **b Restaurants**, held by Locals 8 Restaurant Group, are the leaders in quality burgers, beer, and bourbon. Winners of best burger, beer and bourbon across four states and nationally known for excellent job creation, the company, was created with the simple belief that food and drinks bring people together and the world needs more connection.
